EDUCATION

Canara Engineering College

Bachelor of Engineering in Computer Science (7.83 CGPA)

Mangalore, India

Dec. 2021 – Present

SDM PU College

Pre-university course-PCMC (80%)

Ujire, Karntaka

Jun. 2019 – Aug. 2021

TECHNICAL SKILLS

Languages: C++, Java, Python, JavaScript, C, SQL (MySQL)

Backend: Nodejs, Express, Django, MongoDB, REST

Frontend: ReactJs, React-Native, AngularJs, Bootstrap, Tailwind, HTML, CSS

Developer Tools: Git, Docker, VS Code, SAP BTP

PROJECTS

Edu-Connect | ReactJS, NodeJS, ExpressJS, MongoDB

Jan. 2024 – Feb. 2024

- Constructed EDU-CONNECT, a parent-teacher communication app, enhancing engagement with 100% attendance tracking and progress monitoring
- Engineered centralized information access and calendar integration, streamlining communication between parents and teachers
- Utilized ReactJS for the frontend, NodeJS for the backend, and MongoDB for efficient data storage, optimizing data retrieval speeds by 25%.
- Replaced traditional methods with a digital solution, increasing efficiency in handling parent permissions, announcements, and student updates

Blog App | NodeJS, MongoDB, ExpressJS, React

Nov. 2023 – Jan. 2024

- Crafted an engaging Blog App using the MERN stack (MongoDB, ExpressJS, ReactJS, NodeJS), enabling seamless blog post creation, sharing, and discovery
- Designed and implemented a user-friendly interface, allowing users to publish blog posts and engage with content through comments and interactions
- Utilized MongoDB and NodeJS to handle data efficiently, reducing server response time by 40% and ensuring a smooth user experience.
- Optimized the app for a responsive design using ReactJS, improving content exploration and enhancing overall user engagement

ACHIEVEMENTS AND EXPERIENCE

- Dregal I Pvt Ltd:** Completed a 2-week internship at Dregal I Pvt Ltd, where I developed hands-on experience with the ReactJS framework, focusing on building intuitive user interfaces and enhancing frontend development skills.
- QSpiders Pvt Ltd:** Concluded training under QSpiders Pvt Ltd at Canara Engineering College, focusing on C and Data Structures from October 26, 2023 to November 10, 2023
- NodeJS/ExpressJS Session:** Led and conducted hands-on Node and ExpressJS session for 2nd year CSE students (crowd of 150+) at Canara Engineering College.
- Class Representative, Canara Engineering College, Mangalore, 2021-2024:** Represented a class of 60+ members, gaining comprehensive engineering education.

COURSES AND CERTIFICATES

- Complete Web development bootcamp(Udemy):** Completed a comprehensive Web Development Bootcamp (Udemy), gaining proficiency in web frameworks like ReactJS, ExpressJS, and databases including MongoDB and PostgreSQL.
- DSA Basic HackerRank:** Achieved a DSA (Basic) Certificate from HackerRank, demonstrating proficiency in core data structures like arrays and strings, and essential algorithms such as sorting and searching.
- HTML, CSS, and Javascript for Web Developers (Coursera):** Completed the "HTML, CSS, and Javascript for Web Developers" course on Coursera, focusing on foundational web development skills encompassing HTML, CSS, and JavaScript.
